Hiring Manager
Community Programs
Larkspur Health
Minneapolis, MN

Re: Community Program Coordinator

Dear Hiring Manager,

I am writing to apply for the Community Program Coordinator position at Larkspur Health. For the past four years I have run programs for students and families in Saint Paul, and I am excited to bring that experience to community health.

In my current role I plan more than 25 events a year and track attendance and results for our funders. I also supervise two program assistants and eight volunteer tutors. I would bring the same planning and follow-through to Larkspur’s health fairs and family programs.

Thank you for your time. I would welcome the chance to talk about how I can support Larkspur Health and the families you serve.

Sincerely,

Danielle Okafor
