Hiring Committee
Student Success Center
Tamarack State University, Twin Rivers Campus
St. Paul, MN

Re: Program Coordinator, Job Opening ID 362184

Dear Hiring Committee,

I am writing to apply for the Program Coordinator position in the Student Success Center at Tamarack State University. For the past four years I have run a college access program for 140 high school students a year, most of them the first in their family to go to college. Helping students take the next step is the work I care about most.

In my current role I plan more than 25 events a year, from campus visits to financial aid nights, and I track attendance and results for our funders. I also supervise two program assistants and eight volunteer tutors, which has prepared me to train and schedule your peer mentors.

Thank you for your time. I would welcome the chance to talk about how I can support Tamarack students. You can reach me at (651) 555-0132 or danielle.okafor@example.com.

Sincerely,

Danielle Okafor
