Hiring Manager
Family Health Programs
Larkspur Health
Saint Paul, MN

Re: Program Coordinator, Family Health Programs

Dear Hiring Manager,

I am applying for the Program Coordinator position with Larkspur Health's Family Health Programs. As Program Coordinator at Eastview Family Learning Center, I run programs for more than 300 adult learners and their families each year.

I plan orientation days, graduation events and family nights, and I schedule and support 20 volunteer tutors. I speak Hmong and English, and I know how much it means to a family when someone explains the next step in a language they trust.

Thank you for considering me. I would be glad to talk about how I can help Larkspur Health reach more families.

Sincerely,

Tou Vang
